United Moments with UWYC

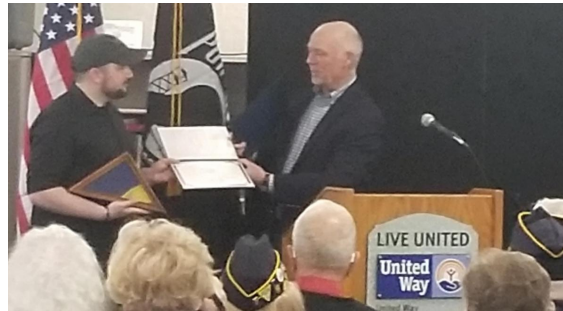

Kim's Corner

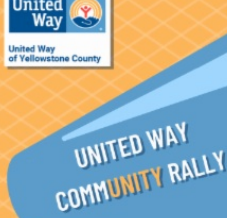

Flowers blooming, trees growing, days getting longer...all those wonderful things you expect as we welcome spring. Spring means change. But, change doesn't just happen; it is created! Made in a moment, when we choose to help, to show up, to reach out, to raise our hand. Created from compassion and generosity, to make it possible for everyone to recover from a crisis, rebuild what was lost, to reimagine a new kind of future. What we each do to create change doesn't have to be big or amplified because one action UNITED with another multiplies. And that's how a single moment creates a world where everyone thrives and one where we all LIVE UNITED. Happy Spring!

VNN's Blake Fuhriman receives award from Gianforte

Governor Gianforte presented the Governor's Veterans Commendation to Blake Fuhriman, RiverStone Health Clinic director of quality and innovation. Blake was nominated for the award by his fellow veterans for his service as a U.S. Army Ranger, including three deployments in Afghanistan, and for starting the Veterans Navigation Network (VNN) in Billings to help veterans successfully transition from the military back to civilian life. VNN shares space at the United Way offices and we are proud of you Blake! Blake was the first veteran in Montana to receive this inaugural award!

Without these dedicated companies, United Way of Yellowstone County would not be able to continue to create lasting change in the community. We would like to extend a congratulations to the following companies who ran a stellar campaign and increased employee participation:

- Anvil
- Billings Federal Credit Union
- Billings Public Schools
- BMO Harris Bank

Literacy Matters!

Reading is critical to success in school, work and life.

Research shows that students who are strong readers by the end of 3rd grade are more likely to graduate high school.

UWYC supports School Success with several childhood literacy initiatives. Through the Barnes and Noble book drive, UWYC distributed over 1,300 books to partner agencies for distribution to their youngest clients. Reach Out and Read, a program that integrates reading into well-child pediatric visits for ages 6 months through 5, provided 6,000 books to Children's Clinic and St. Vincent Healthcare Laurel Family Practice patients.

United we can help young children develop a love of reading helping them to build a foundation for success in school, work and life. **Find out how!**

Volunteer as a board member at a nonprofit you believe in!

If you are looking for a way to give back and make a huge difference in our community, becoming a board or committee member of a nonprofit can help you to achieve this. If you are eager to make a difference by helping to align business resources to the complex and growing needs of our most vulnerable in the community—United Way of Yellowstone County may be a good match for you. A board or committee member is responsible for defining and supporting the nonprofit's vision, goals and mission by setting sound policies. Board members are vitally important to helping effectively steer the organization to greatness and towards a sustainable and brighter future. They also carefully oversee the nonprofit's budget and are responsible for helping to set new budgets. Board or committee members are vitally important to helping effectively steer the organization to greatness and towards a sustainable and brighter future while ensuring that the organization has sufficient resources and funds to continue to create an impact in the communities they serve.

Not only does a nonprofit board or committee member add value to the organization, but the opportunity works both ways. A nonprofit can actually help leaders improve their soft skills. For example, teamwork, problem-solving, and analytical skills can be further honed by serving as a board member, regardless of your experience level or age. It can be an ideal opportunity for a young professional to help a great cause while gaining an additional community perspective. Joining a nonprofit board or committee is a great way to expand your network and connections from around the region and across industries.

For more information on volunteering as a Board or Committee member, contact **Kim Lewis**.
